General Terms and Conditions of Sale (extract)

Eligibility

Tickets must be purchased outside of Mexico. The first international travel segment must show arrival in Mexico. The Mexico Pass is only valid for sale when purchased in conjunction with an international round trip ticket on any SkyTeam partner airline or in conjunction with a SkyTeam Round the World ticket or in conjunction with an international SkyTeam frequent flyer award ticket.

Routing

Travel on SkyTeam Mexico Pass coupon tickets must be on AM domestic flight numbers AM001 through AM2999.

Reservations and ticketing

Passengers traveling on a SkyTeam Mexico Pass must be booked in Q class for flights inside Mexico. All tickets must be issued prior to a passenger's departure from his/her international point of origin.

Miles earning

Mileage accumulation is allowed on a SkyTeam Mexico Pass.

Rerouting

- Before departure from the first point of international ticket origin, rerouting is permitted. A charge of USD 35 will apply provided no change has been made to the first coupon. Any applicable fare difference, based on available booking class, also must be paid.
- After departure, voluntary rerouting is permitted after the first coupon has been used. A charge of USD 35 per coupon will apply. Any applicable fare difference, based on available booking class, also must be paid.

Date Changes

- Before or after departure from point of international origin, no change is permitted to the first flight coupon.
- For all other coupons, rebooking is permitted without penalty provided the ticket is changed prior to the original travel date of the flight coupon concerned. If changes are made after the original travel date, a USD 35 charge will apply. Cancellation charge of USD 100 applies before departure. After departure cancellation is not permitted.

Baggage allowance

The baggage allowance on the SkyTeam Mexico Pass is 25 kg.
